Subject: Living next door to barbecue smokers

Hi Steve, Sandra and Mary,

Our business is Crane-West Herb Pharmacy at 515 S.Main and 511 S.Main since March 2007.

My employees, family and customers can not stand the toxic level of smoke when we are downwind from the smokers which start up early in the morning and last for several hours.

Thank you for respecting our health and lifestyle.

Sincerely,

William Egloff

President

Crane-West Herb Pharmacy, Inc.
