PUBLIC NOTICE

January 05, 2026

No parking signs will be placed in specific areas of Burnett Street on Monday, January 5, 2026 for crane work that will begin on Tuesday, January 6, 2026. This work will result in lane and sidewalk closures through Saturday, January 10, 2026.

Burnett Street and S Main Street sidewalks will continue to be affected due to a scaffolding that will remain in place until the beginning of April for some repair to the exterior of the building. The sidewalk will remain open during this time. Pedestrians will need to use caution as the width of the sidewalk will be reduced due to the scaffolding.

Thank you,

Erik Billing
Public Works Operations Supervisor
