Subject: cell phone tower

This electro-sensitive retired family practitioner well knows EM Radiation is harmful.

Unfortunately the effects are subtle and long-term, hence humanity generally remains in denial.

It looks like the predictions of some very fore-sighted folks decades ago are coming true: humanity is separating into two groups.

And it looks like those with more sense will have to move underground to escape all the death rays, avoid emerging much as possible.

B Dudney, MD (retired)
