**Subject:** Cell Tower / Do not extend or expand  
**Date:** Friday, September 11, 2026 10:39:28 AM

---

To the Sebastopol City Council:

Please note that 6G is on the horizon, and that bands 4G and above were historically recognized as unsafe. As such, I respectfully request that Sebastopol not expand the cell tower on city property, or extend the lease on it. This is a “slippery slope” that needs to be well controlled.

Best regards,

Kristina
