To whom it may concern:

I am highly opposed to the T-mobile request for expanding cell tower coverage on City Hall premises! For environmental, aesthetic, and health reasons I strongly urge City Council to DENY this proposal.

(The one on the library is already an affront in all ways. I am EMF sensitive, so cringe every time I park and enter the premises).

As a T mobile (Consumer Cellular) customer myself, I can vouch for sufficient coverage. More isn't necessary!

Sincerely,
