Subject: STOP THE PROPOSED CELL TOWER EXPANSION

please stop the expansion!!! i left my chiropractic practice in sebastopol in 2017, as the wi-fi was everywhere and no matter where i moved the emf was out ravenous amounts cooking our brains, body and soul!!! so i left and live in country where there is less. i do not shop in the stores adjacent to the tower. i go to the sunday farmer's market for no longer than 10 minutes otherwise the brain pain from the tower is intolerable!!! i have a clinical study that proves the damage to the brain. (if interested will send the pdf) i have witnessed birds and animals abandoning their territories due to towers!!! it is deadly to life on the planet!!! a friend's granddaughter had a osteoblastoma from emf removed from her brain.

please stop more injury to life, when this all about illness and control of life!!!

thank you,

dr. sharon lacy
