Planning Department

Date: November 19, 2026
To: Public Arts Committee
Agenda Item: 6C
From: Tori Henkel, Permit Technician
Subject: Bike Rack Beautification Discussion

Background:
At the regular July 23, 2026, Public Arts Committee (PAC) meeting, Chair Waters asked the other Committee Members what their top three (3) topics of discussion were for upcoming meetings. Committee Members made suggestions for items to bring back for discussion. Committee Member Deedler requested to have a discussion around bike rack beautification.

At the regular September 24, 2026, Public Arts Committee (PAC) meeting, a bike rack beautification discussion was on the agenda with a few submitted photos, but no staff report. Therefore, no direction could be made to staff, and no decision could be made by the Committee. Additionally, the other items on the agenda took longer than anticipated, and this item was postponed to the next regular meeting.

This item today is intended for Committee Member Deedler to share his ideas and bring the item forward to the full Committee for discussion and direction to staff on next steps if there is a consensus.

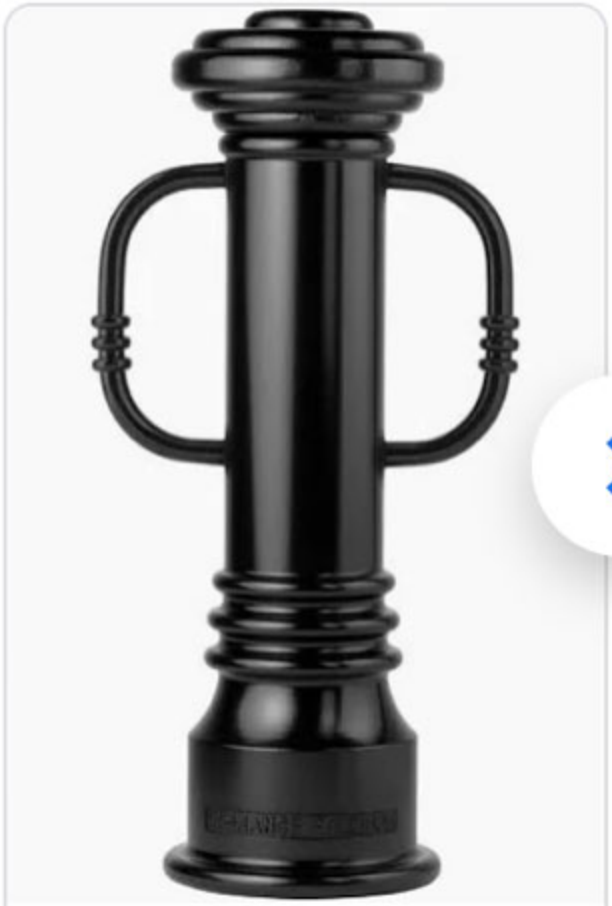

Discussion:
1. What are the fiscal impacts?
2. How would the Committee like to proceed with bike rack beautification?
    a. An open artist call?
    b. What about the Sustainable Transportation Grant?
    c. Other options?
